

TERRILL MEDICAL INSTITUTE, INC.

The Oldest, Longest Established, Most Successful and Reliable Specialists, the Best Equipped Offices, the Best Stocked Laboratories, Offer You the Best, Most Modern Skillful and Successful Treatment of Any Other Institution in the Great Southwest.

An Institution Endorsed by Governors, Mayors, Judges, Lawyers, Ministers, Commercial Clubs, Bankers and Business Men in General. The Founders of the Genuine Pelvic Methods, that Have Stood the Test of Time. The Specialists Behind the World's Best Treatment For the Special Pelvic Diseases and Weaknesses of Men.

Many advertising institutions are of the mushroom variety here today and somewhere else tomorrow, the permanency of this institution in the State of Texas is established beyond per adventure.

Our reputation for honest, fair, square dealing and our record of remarkable cures is unparalleled. You will make a grave mistake if you place your case with anyone else for treatment, before seeing us and consulting us about your troubles. Don't throw away your money for treatment backed by claims only, but treatment backed by indisputable FACTS. To aid you in investigating as to who are the best and most reliable Specialists, we desire that you inquire of the leading banks, business men, and commercial clubs throughout the State, as to who of all Specialists should be entrusted with the treatment of your case. These men, and their advice to you will leave no doubt in your mind as to who is the most reliable Specialist in the country, treating the maladies of men.

The TERRILL MEDICAL INSTITUTE is chartered under the laws of Texas, is owned by graduated physicians who have complied with all the Medical Laws of the State, are legally registered and can show you more diplomas, State Board Certificates and more better endorsements than any other institution in Texas. Our institution has a President whose name always appears in our newspaper announcements, and you who employ us to treat you, you at least know with whom you are dealing.

The secret of our success in the treatment of all chronic diseases is a CORRECT DIAGNOSIS. Our chief aim is the correction of any disorder in FIRST, ascertain the cause, SECONDLY, remove it; and THIRDLY, repair and broken down, disintegrated and diseased tissues, thus effecting a LASTING CURE.

We Employ No Substitutes.

THIS IS THE ONLY MEDICAL INSTITUTE IN THE STATE EMPLOYING ELECTRO THERMO HYPERBIC PHOTO MECHANIC PNEUMATIC AND ORGANIC THERAPY IN THE CURE OF CATARRH, RUPTURE, CANCER, SCROFULA, EPILEPSY, NERVOUS DECLINE, BLOOD POISON, LOST VITALITY, LOSSES AND DRAINS, ERRORS OF DEVELOPMENT, STRICTURE, GLEET, VARICOCELE, HYDROCELE, and all CHRONIC RECTAL, GENITOURINARY and OTHER PRIVATE PELVIC DISEASES AND WEAKNESSES OF MEN UNDER A WRITTEN LEGAL GUARANTEE OF A POSITIVE AND LASTING CURE.

WE CURE:

STRICTURE without the use of a knife, sounds or strong applications. VARICOCELE by absorption, suspension and local applications. HYDROCELE by a method that is new, simple, safe, and permanent. PILES by electrolysis, no anesthetic necessary, cures permanent. FISTULA by cataphoresis, no cutting of ligatures, no pain. BLOOD POISON by a Nucleolar preparation that is predigested, easily absorbed, non-toxic, and does not affect the stomach. We use no mercury or injurious drugs.

RUPTURE by a new method of buttoning and adhesions, produced without the use of an irritant, no soreness or other discomfort attending or following the cure.

CATARRH by vaporization, nebulization, and internal medication that is unfailing in its results.

CANCER with Photo-therapy, no knife, caustic, pastes or other dangerous or injurious agents are employed by us.

RHEUMATISM, SCIATICA, LUMBAGO and all NEURALGIAS by Electro and THERMO-THERAPY.

NERVO-VITAL DEBILITY

CEREBRAL—When the mental forces are impaired. SPINAL—When the spinal centers are involved and motor power is diminished. VITAL—When the great sympathetic system of nerves and the forces that govern vitality are reduced by the baneful effects of the disease incident to the Pelvic organs.

CAUSES—Varicocele, Hydrocele, Enlarged Prostate, Vital Drainage, Excessive use of Narcotics and Intoxicants and Improperly treated Specific diseases.

OUR treatment differs from most others in that we treat the cause, and after the cause is entirely eliminated, we then tone up and restore natural action to the organs involved. Thus each case is a law unto itself. There is in the business world today an incessant demand on nervous energy; without this "reserve force" a man will find small place in that world today, other than that of a mere machine.

Weakness is declared when some emergency, some excessive demand confronts him. Without a generous reserve force of Nerve-vital energy a man is liable to be found wanting at the very moment when, when, strong, strong, nerve mean everything to him. Such a moment as this is Opportunity. It is success. It may mean failure.

SPECIFIC BLOOD POISON

Prompt and heroic treatment is the only kind that should ever be used in combating this loathsome disease. Only temporary relief can come from Hot Springs baths, specious, mercury, and other mineral mixtures and poisons. We have originated and perfected a cure for Blood Poison that is absolutely safe, rapid and permanent, and leaves no injurious effects. Every external symptom soon disappears, while the blood, the tissue, the nerve fibers, the bones and the whole system are cleansed, strengthened and restored to perfect health and purity.

FREE FREE FREE

Dr. Terrill's latest book, No. 13, on the SPECIAL PELVIC DISEASES OF MEN sent to any address in a plain sealed envelope, if you will mention this paper and enclose 5 cents for postage.

This book should be read by every man, young and old. It discusses the causes, termination, subsequent changes and treatment of the various private pelvic diseases of men. It will point out to the young man the standing blocks to his success and will aid him in avoiding the pitfalls that he will encounter all through life. To the middle-aged and old man, it will show how to regain the vim and vigor of youth.

WRITE for Symptom Blank, if unable to visit the office. While not all cases are amenable to our home treatment, we insist upon a personal examination, still we do cure many cases of a simple nature without this examination and CURES ARE GUARANTEED the same as at our office. ALL CORRESPONDENCE IS STRICTLY CONFIDENTIAL.

OUR NEW ELECTRO-VACUUM APPARATUS IS A MARVEL. Corrects all errors of development. Write for information concerning it.

OUR REFERENCE, the leading banks, business men, and commercial clubs throughout Texas and adjoining States.

OUR CHARGES are reasonable, and contrary to the majority of institutions who quote you a fee for treatment and then endeavor to sell you medicines, or later tell you that you need a change in medicines which requires another fee, or sends you medicines C. O. D., we tell you just what we will cure you for, all medicines, appliances and office treatment included and written in the contract.

OUR CURES are PERMANENT and no detention from business is necessary while under our care. The fact that we accept your case for treatment is a GUARANTEE OF A CURE. AS WE NEVER HOLD OUT FALSE HOPES TO INCURABLE, and never commit ourselves until we are positive that we can cure you, after first making a thorough MICROSCOPICAL and X-RAY EXAMINATION. We find it necessary to ascertain your exact condition, then REMOVE THE CAUSE.

WHICH SHALL IT BE?

Ask yourself this question: Will you place your case for treatment with a man who offers you every opportunity for investigation and of whom a clear, clean record speaks approval, or will you accept the bare statement of a man of whom you know nothing except a picture in a newspaper? Use a little good sense and sound judgment and you will not place your case in the hands of an incompetent and unreliable physician.

CONSULTATION AND A THOROUGH X-RAY EXAMINATION AND OUR OPINION AND ADVICE FREE.

Office Hours: 8 a. m. to 7 p. m.; Sundays, 9 to 1.

The following instruments have been filed in the Recorder's Office at Bisbee during the past few days that concern Bisbee property and people:

Deaths.

Cleve W. Van Dyke (bachelor) to Union Realty Co., lots 302, 303, block 4, Warren township; \$10.00.

John Rowe et ux to Sam Karlee, portions of lots 35, 36 and 37, block 13, Bisbee; \$550.00.

James H. Gillespie et ux to B. M. Covick and Gernard Kosenorick, lot 7, block 6, Jocker M. C.; \$2,500.00.

Gregorio Anallo (single) to Thomas A. Dunbar and Dollie Dunbar, his wife, lots 41, 42 and 43, block 33, Bisbee; \$700.00.

John W. Wood to Mary B. Wood, lots 28 and 29, block 23, Bisbee; \$10.

Mary E. Wood to J. V. Wood, lots 25, 26, 27, 116, 118, 119, 120, and 121, block 23, Bisbee, separate property; \$10.00.

Warren Co. to Cleve W. Van Dyke, lot 300, block 51, Warren; \$300.00.

William Campbell et ux to Thomas R. Grady and Mary E. Davis, lots 13 and 14, block 23, Bisbee; \$225.00.

Warren Co. to Cleve W. Van Dyke, lots 300 and 302, block 4, Warren; \$2,500.00.

John B. Hart, single, to B. F. Sanborn, lot 304, block 35, Warren; \$10.

Jacob Ffirung to C. E. Frank, lots 27 and 28, block 5, on "Guard" lode; \$1.00.

Paul Moerman and Flocmond Verhaeghe to T. E. Warlop, lot 6, block 4, Jocker M. C. (unmarried); J. R. Henderson et ux and Fred J. C. Heiman et ux to Pioneer Lumber Co., lot 42, block 11, and lot 15, block 39, Bisbee; \$1.00.

E. E. Price to Pioneer Lumber Co., lots 16 and 18, block 20, Bisbee; \$10.

Edward W. Thum et ux to Leonard McEwen, lots 17, 18 and 19, block 1, Heuberg; \$10.00.

Mortgages.

Ernest C. Boyer and Jan M. Boyer (wife) to Citizens' Bank & Trust Co., lots 49 to 55 inc., block 21, Bisbee; \$1,100.00.

B. F. Sanborn, single, to Cochise Building & Loan Association, lot 304, block 35, Warren; \$1,500. Due in 8 1/2 years, int. at 5 per cent. per annum.

R. E. Simpson et ux to Cochise Building & Loan Association, W. 50 feet of lot 614, block 22, Warren; \$1,200. Due in 8 1/2 years, interest at 8 per cent. per annum.

Mary E. Wood to John W. Wood, lots 28 and 29, block 23, Bisbee; \$628.75. Due 6 months, interest at 2 per cent. per month.

F. E. Coles et ux to Robert Hennessy, lot 708, block 39, Warren; \$750. Due 1 year, interest at 12 per cent. per annum.

T. J. Franzen to John Dugan, property on Nancy Hanks M. C., Warren M. Dist., adjoining Ord, Williams and Brisbane properties; \$100. Due in three months.

Miscellaneous.

letting meal. He also took on strength, which counted heavily in his favor in the course of the bout.

Gans was said to be actually weakened through inability to eat a stiff meal before his long go with Nelson. Nelson, on the contrary, was in the best of fettle. On his basis I look to see Nelson cut up somewhat badly in the early stages of their go, as Gans is said to be lower in weight, when in his best condition at present, than he was when he met Nelson in Nevada.

This bout looks as if Gans should be a strong favorite. He seems to have his man outclassed, and unless Nelson can get in a wild swing I fail to see where he has much chance to trouble the veteran. Of course, a younger and stronger man who is hard to hurt is always dangerous. But Gans is such a master of ring tactics that I think the old fox of the ring ought to make a better showing even than in the last long go.

McFarland and Welsh put up a neat bout at Milwaukee. But I believe McFarland has improved so much since then that this go will be a different proposition.

Welsh boxes in the old, stereotyped British style—straight left, right counter and all that sort of thing. But he has picked up one leaf from the American books by learning to counter rapidly and to use footwork in the ring.

If he spent this time side-stepping against McFarland that he did in fancy dancing about the ring, he would have improved his chances. He attempted the bobbing up and down with the left hand, which I happened to see only once, and only succeeded in throwing himself.

Moreover, Welsh has one fault with his counters—he lands too high on his opponent's head. I noticed that most of the counters which he landed in the last long go, I happened to be the third man in the ring—trunk back to high on the head, to be effective. McFarland's crouching style helped him here. But even if he had adopted a more erect position I think Welsh should have landed too high on the head to be effective.

Philadelphia Jack O'Brien caught a bit tougher opponent than he figured on when he met Jack Blackburn at Philadelphia. One of these the cockney scrapper was fourteen pounds the lighter of the pair, his ability to bore in and land with both hands caused O'Brien to hop about at a respectful distance and to use his footwork to the best advantage.

So far, I have seen no criticism of any of O'Brien's recent battles and I am inclined to think all his work on the level these days.

Certainly went after him in hard enough fashion and the bout seems to have been fast throughout.

It is a shame that O'Brien, with his native ability to box, should have let himself follow the course that he has chosen. One of these the cockney scrapper was fourteen pounds the lighter of the pair, his ability to bore in and land with both hands caused O'Brien to hop about at a respectful distance and to use his footwork to the best advantage.

McFarland will attempt a longer route than any he has yet gone when he meets the little Briton at Jim Fries club. He departed last week for the scene of action and seemed in first-class trim. It was his second expedition to the coast in the case of Harry Gilmore and the manager and boxers received warm congratulations from their friends as they left the city.

I think it is a good thing for McFarland to be back in the hands of the man who developed him, as Gilmore certainly knows Packie's style better than any other handler could do. The winners of these two bouts will stand out as the men to be reckoned with in the lightweight class, and I believe a first-class pair of barbies should result.

Nelson is counting greatly on the length of the go against Gans. He figures that because Gans did not actually put him out in their prolonged contest at Goldfield that Joe has only a similar chance now. It must be remembered, however, that Gans was extremely weak, according to his own accounts, just before the battle in the Nevada mining camp.

Gans was obliged to make his weight three times that day and was unable to take much nourishment. This fact hurt him greatly. Few realize how rapidly a boxer, who has had to reduce to a certain weight, will absorb nourishment and take on avoirdupois from a comparatively small amount of nourishment.

For instance, Ketchel is said to have taken on more than six pounds by lying down all afternoon before his bout with Papke, after eating a sandwich.

Battling Nelson has not yet returned to San Francisco to start training for his bout with Gans, but is expected to come back from Portland in the near future. Although both men can be relied upon to enter the ring in good shape, these training methods would have been considered rank heresy a decade ago. Fifteen or sixteen years ago they would have been an actual setback to any bout. When Corbett and Sullivan met in 1892 Sullivan spent weeks in training, and every move was heralded. Corbett spent the greater part of the summer at Asbury Park.

Nowadays prolonged training of the sort is not regarded as so essential, and it must be said the men generally show up in good shape after each contest—better, possibly, than after the old-time bouts.

TEXAS ONIONS.

Quality Better Than Bermuda Has.

DECEMBER.

SAN ANTONIO, Texas, June 20.—Texas onion growers have gone to the men of the Bermuda Islands on better and have produced a Texas-Bermuda onion superior in flavor and hardness to the Bermuda Island onion. Last summer the agent of the Texas Onion Growers visited the Bermuda Islands and the Canary Islands and secured a big consignment of seed. These seeds have produced this year's onion crop in Texas of a greater size and of a fine quality.

Whereas it was formerly estimated that the Bermuda growers shipped a million crates of onions to this country annually, it is now estimated that their shipment this year amounted to but 380,000 crates. Some 750 carloads of onions have been shipped out of Southwest Texas already, and the movement is not yet over. It is estimated that over a thousand carloads will be shipped. These have brought prices at first as high as six and seven hundred dollars a carload before the competition of other onions came in, but now are bringing from four to \$500 a carload.

The gross returns of the onion crop in this part of Texas will be over a million dollars this year; this does not include the amount sold and consumed at home. A few days ago a whole shipment of onions left Galveston for Atlantic coast ports. At the present rate that the growers are prospering, Texas in a few years will have a class of onion millionaires.

Hogan's Chat On Pugilism

Malaehy Hogan in the Chicago Record-Herald says:

With the revival of the Ketchel-Papke bout still ringing around flaccid circles, interest now turns to the lightweight bouts, of which we will have several of interest in the near future. One of these is the Joe Gans-Battling Nelson return match at San Francisco July 1. The other is the McFarland-Welsh go at Los Angeles, the afternoon of the same date.

McFarland will attempt a longer route than any he has yet gone when he meets the little Briton at Jim Fries club. He departed last week for the scene of action and seemed in first-class trim. It was his second expedition to the coast in the case of Harry Gilmore and the manager and boxers received warm congratulations from their friends as they left the city.

I think it is a good thing for McFarland to be back in the hands of the man who developed him, as Gilmore certainly knows Packie's style better than any other handler could do. The winners of these two bouts will stand out as the men to be reckoned with in the lightweight class, and I believe a first-class pair of barbies should result.

Nelson is counting greatly on the length of the go against Gans. He figures that because Gans did not actually put him out in their prolonged contest at Goldfield that Joe has only a similar chance now. It must be remembered, however, that Gans was extremely weak, according to his own accounts, just before the battle in the Nevada mining camp.

Gans was obliged to make his weight three times that day and was unable to take much nourishment. This fact hurt him greatly. Few realize how rapidly a boxer, who has had to reduce to a certain weight, will absorb nourishment and take on avoirdupois from a comparatively small amount of nourishment.

For instance, Ketchel is said to have taken on more than six pounds by lying down all afternoon before his bout with Papke, after eating a sandwich.

DIARRHOEA

There is no need of anyone suffering long with this disease, for to effect a quick cure it is only necessary to take a few doses of

Chamberlain's Colic, Cholera and Diarrhoea Remedy

In fact, in most cases one dose is sufficient. It never fails and can be relied upon in the most severe and dangerous cases. It is equally valuable for children and the means of saving the lives of many children each year.

In the world's history no medicine has ever met with greater success.
